Nishith Choudhary

RAIGARH, CHHATTISGARH 496001 | +91 74896 31343 | NISHITHCHOUDHARY8@GMAIL.COM | LINKEDIN.COM/NISHITHCHOUDHARY

Objective

Silver Medalist in MBA (Technology Management) with majors in Finance and minors in Business Analytics seeking Data Scientist Position. With a strong understanding of Machine Learning concepts and more than a year of experience, I am ready to tackle the real-world problems. I have completed projects in different domains including Finance, Medicine and Marketing/Sales which provided with a lot of exposure and improved my understanding of the concepts.

Skill Highlights

- Machine Learning, Data Science - Python, SQL, R
- Data Visualization - Matplotlib, Seaborn, Plotly
- Business Intelligence - PowerBI, Tableau
- Time Series Analysis – ARIMA, Markov Models
- Deep Learning - Keras, Tensorflow
- Git and GitHub
- Big Data (Basic) – Hadoop, Spark
- Cloud Computing Models (Basic) – Azure, AWS
- Fundamental Analysis - FCF Valuation, Relative Valuation, Ratio Analysis
- MS Excel – VBA

Experience

Deloitte (US offices of India), Hyderabad
Associate Solution Advisor - 06/2021 to Present

- Worked as an IT auditor and tested different IT controls like Authentication, Privilege Access, Change Management, etc. across different technologies like Windows, Linux, SQL, Oracle, SAP.
- Gained knowledge for different technologies and their working in production environment.

Reserve Bank of India, Mumbai
Management Intern - 04/2020 to 07/2020

- Worked on "Analysis and Forecasting Economic Growth" in the Monetary Policy Department.
- Trained time-series models using Markov Switching and Logistic Regression to determine the phases of the economy and the factors affecting it like stock market index, interest rates, inflation, etc.

Jindal Steel and Power Ltd., Raigarh
Technical Intern - 05/2019 to 06/2019

- Worked on Oxygen Injection System (unit responsible for providing oxygen to the Blast Furnace).
- Got an understanding of different oxygen analyzers and chose the one suitable for the project.

Projects & Papers

Stock Price Prediction

- Project using regression and LSTM models to predict the Stock price of the company based on the historical data.
- **Skills – Regression (Linear, Lasso, Ridge), LSTM, Data Visualization**

LungCure App

- Production-ready app designed in team environment to identify the disease based on the images of X-ray of chest (Lungs).
- **Skills – Machine Learning, Computer Vision, Flask, Neural Network**

Credit Card Fraud Detection

- Logistic Regression model used to determine whether the transaction is fraud based on the historical transactions.
- **Skills – Logistic Regression, Python, Data Analysis, Anomaly Detection**

Mahindra First Choice Services Case Study

- Used Facebook's Prophet to analyze and predict revenue based on the historical time series data.
- Market/Customer Segmentation using RFM score and prediction of Customer Lifetime Value using Logistic Regression.
- **Skills – Logistic Regression, Time Series Analysis (Prophet)**

Sentiment Analysis with Audio Input

- Model integrated with twitter API to determine the sentiments of the tweets and the phrases provided by the user.
- **Skills – Natural Language Processing, Sentiment Analysis, Voting Classifiers**

Facial Recognition Model

- Implemented Transfer Learning with Google's FaceNet Model for facial recognition on personal dataset.
- **Skills – Transfer Learning, Keras, FaceNet, Image Classification, Neural Networks**

A Comparative study on effectiveness of online learning and classroom learning

- Paper on the differences in effectiveness and performance of students in online and classroom learning.
- **Skills – Data Collection, Hypothesis Testing, Qualitative and Quantitative Analysis, Inferential Analysis**

A Comparative study of Support Vector Machine and Convolutional Neural Network with Softmax layer Configuration

- Used Soybean data to demonstrate the difference in performance of the two techniques.
- **Skills – Convolutional Neural Network, Support Vector Machines**

Education

Bachelor of Technology: **Electronics and Telecommunication – 2021**
Master of Business Administration: **Technology Management – 2021**
Narsee Monjee Institute of Management Studies (Mumbai), India
